Subj: Disposal of USDA Code A608 Ground Beef

In accordance with the United States Department of Agriculture announced recall on all Hallmark/Westland beef products, Gold Star Foods will be taking our entire inventory of A608 Fine Ground Beef to a disposal site and receive documentation of the destruction.

Attached is a list of school districts that we were storing or holding A608 ground beef for. The list gives our lot number [location within Gold Star], the date it was received, and the quantity currently on hand that will be destroyed. Please delete this product from your inventory. All storage charges must still be paid up until the time that we remove it from our location. That date will be Monday, February 25th. Gold Star Foods will be submitting our own bill to the California Department of Education for the costs of transportation and destruction costs.

Please carefully review the attached list of recipient agencies and note the quantity of beef that we may be disposing of on your behalf. If you have any questions, please call Karen Fletcher in our commodity department. Her extension is 140.
