“How to Move from the Valley of Assumption”

Matthew Upton

with

“On the Move Forward”

Most all of us make assumptions about Groups of people, Relationships, Attitudes, Food, and Trouble. The trouble is that most of the time we are inaccurate in our assumptions. When we assume we create a flood of negative and unfortunate circumstances in our lives, businesses, and relationships.

Each participant will learn the six consequences of living in the Valley of Assumption. We will learn how to move to the High Point of Perspective and discover nuggets of gold in asking. Register yourself and as many of your team members as possible.

12:00 p.m.
