

# New Summer Meals Toolkit

**Need some ideas on how to start or improve your summer meals program? Then check out our new toolkit. <http://www.fns.usda.gov/sfsp/summer-meals-toolkit>**

USDA's summer meal programs rely on innovative and collaborative efforts to reach children in need. The Summer Meals Toolkit is designed for individuals and organizations interested in serving as Summer Meal champions in their communities in any capacity. Whether you are a sponsor, site, volunteer, or promoter, there's so many ways to get involved.

The toolkit is web-based, and includes seven 'mini-toolkits' targeting specific audiences and topics. For example, the State toolkit is focused on State agencies administering USDA summer meal programs. The Reaching Families contains information to help organizations increase awareness about the availability of summer meals in their community. Check out the one that is right for your situation.

We recently had a webinar that walked through our new website and toolkit. You can watch it here: <https://www.youtube.com/watch?v=hK5VYS0czMw&feature=youtu.be>
